What is Take Our Kids to Work Day?

Launched in 1994, Take Our Kids to Work Day is the most recognized career exploration event in Canada. Developed by The Learning Partnership, the annual event occurs in November each year.

On Wednesday, November 14th, 2018, Grade 9, Senior 1 (Manitoba), and Secondary III (Quebec) students across Canada will spend the day at the workplace of a parent, relative, friend or volunteer host.

Where can students go for the day?

Parents/guardians are encouraged to invite their children to join them at work, but if this is not possible, there are other ways for your child to participate:

- Ask a relative, neighbour, or family friend to take your child to work.
- Ask another parent, such as a parent of your child's friend who is taking their child to work, if your child can join them for the day.
- Contact your child's school and inquire if they can assist you with finding a suitable placement.
- Contact local businesses and ask if they are participating in Take Our Kids to Work day. Inquire if someone within their organization would be willing to host your child, providing you make the necessary transportation arrangements.

How can I create an exciting day for students?

Speak with your HR department. Some workplaces plan larger events or have multiple employees bringing students to work. Register on our website to access resources to help plan a great Take Our Kids to Work Day!

How do I ensure student safety?

It is essential that both students and parents receive information about health and safety prior to their workplace visit. Parents need to be aware of the work that their children are engaging in on this day and ask questions about the health and safety provisions.

Consult with your organization's health and safety committee to advise in preparation for November 14th. Links to other organizations with workplace health and safety expertise and materials can be accessed through thelearningpartnership.ca/tokw

What happens after November 14th?

- Encourage your child to write thank you notes to those they worked with.
- Look for opportunities that may further build on what students have learned.
- Follow-up on whether the experience sparked future career plans.
